

PRESS RELEASE - January 2009

ARTS, ENTERTAINMENT AND SOCIAL EVENTS

SCULPTORS' SOCIETY GOLD COAST INC.

PRESENTS

"TEACHERS' EXHIBITION 2009"

An Exhibition of Sculpture and Art in all media celebrating the varied skills of the teachers of the Sculptors' Society who hold regular classes and tuition for members of the community –

Midge Johansen, Tony Dowers, Eric Green, Lainie Cooper, Derek Rintel.

The Sculptors' Society Gold Coast Inc. is continuing with its aim of encouraging the appreciation of varied sculpture and art in the community with the first art exhibition dedicated to the artistic skills and practices of its regular teachers.

The teachers for the Sculptors' Society offer expert tuition with ongoing and regular classes in many sculptural media. These classes have, for many years, provided immensely valuable artistic endeavour and activity for the community of the Gold Coast with expert tuition by talented local artists offering skills and expertise in a manner that fills a void not offered in a similar way by other educational institutions or colleges.

The teachers for the Society work in a wide variety of mediums, such as clay, wood, bronze, steel, metal, plaster, castable resins, cement and stone. This exhibition will showcase some of those mediums and skills.

We welcome you to join us and view our works – to be pleasantly surprised, and to perhaps consider the possibility of joining a class to explore your own creativity!

VENUE: Schoolhouse Gallery, Corner Ashmore Rd & Cararra St, Benowa

OPENING NIGHT: Friday 6th February, 6.30pm. Refreshments served.

EXHIBITION OPEN: 10am to 4pm on following days -

Sat 7th, Sun 8th,

Fri 13th, Sat 14th, Sun 15th.
